## Product Label

### Warning:

1. Do not overfill your burner. This may cause it to splash and catch on fire.
2. Do not place the burner in a location where it will be easily knocked over.
3. Keep away from flammable objects.
4. Keep your burner away from children and pets.
5. Keep your burner clean. Dispose of any unused wax or oil after you are finished using your burner.
6. Do not allow hot wax or oil to come in contact with skin.
7. Do not touch or move burner while it's in use.

If the external flexible cable of this wax melt burner is damaged, it should only be replaced by a qualified person to avoid hazard.

### How to use:

- Remove all packaging before use.
- Ensure the burner is placed on a flat, clutter free, and heat-resistant surface.
- Fill the dish with an appropriate amount of wax, do not overfill the dish. If using a fragrance oil, use 2 to 3 drops of oil diluted with water.
- Plug in the electric wax melt burner and switch on.
- Check your electric burner periodically. Maintain an appropriate level of oil or wax in the dish.
- Switch off the electric wax melt burner and unplug from the mains when not in use. Allow the burner to cool completely before moving.

### How to clean:

- Allow burner to completely cool before cleaning.
- To remove wax, wait for wax to harden then carefully scoop out.
- Clean residue in dish with warm soapy water and dry.

**Directions for Use**

This product has been designed and manufactured by Something Different Wholesale LTD. Our products have not been designed for the use of children, as some may contain small parts. Each product is accompanied with care instructions

<b>Hazard</b>	<b>Who might be harmed</b>	<b>Existing measure to control risk</b>	<b>Risk level</b>

to maximise product longevity and customer satisfaction.

Products that are between 50 and 1000 V for alternating current, 75 and 1500 V for direct current are subject to testing within LVD Low Voltage Directive (LVD) (2014/35/EU).

It is upon receipt of sufficient testing that products under the LVD directive shall be marketed for sale to ensure the safety of the product and our customers. All products must clearly demonstrate their safety. Product packaging must reflect the potential hazards that supplying electricals can pose. Packaging must show CE/UKCA marking and applicable warnings and/or hazardous information.
